The Agromeck
1945

PROFESSOR CARROLL LAMB MANN

Dedication ...

TO PROFESSOR CARROLL LAMB MANN, *whose indomitable energy and tact made possible our Memorial Tower, whose endless professional accomplishments have inspired us, whose kindness and understanding have guided us, we dedicate this—*THE 1945 AGROMECK.

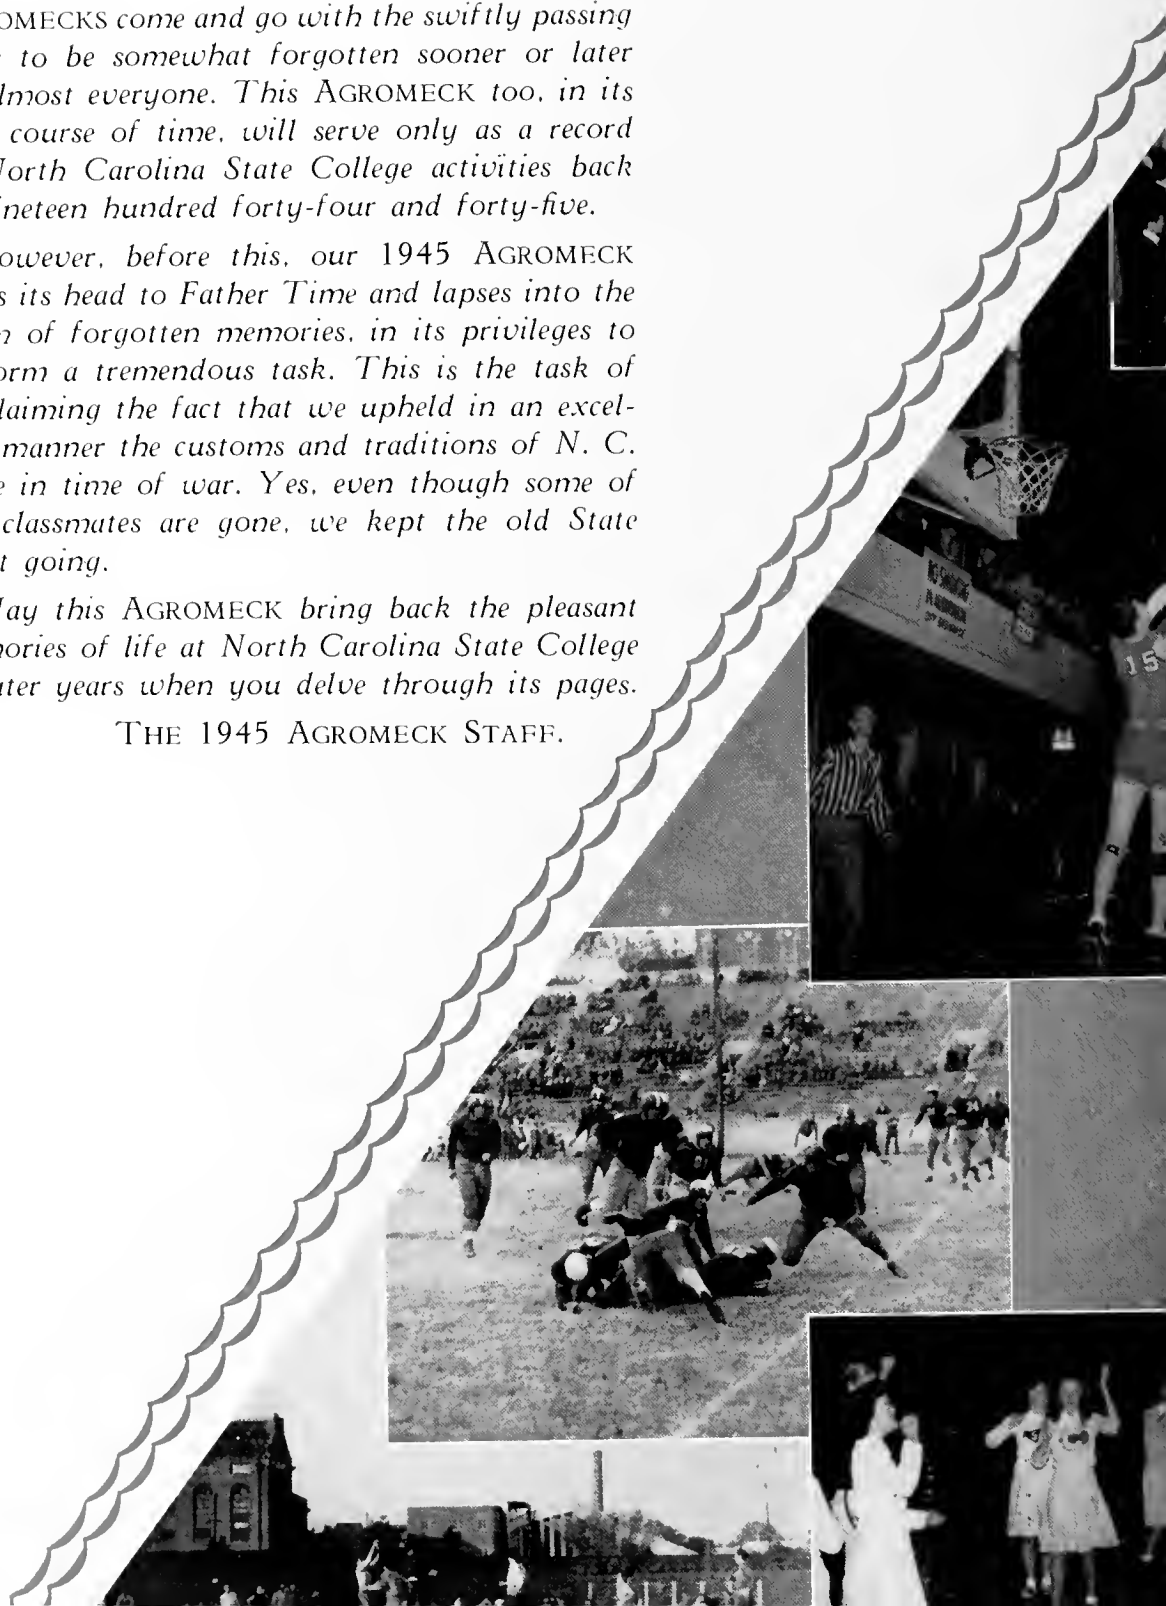

Foreword...

AGROMECKS come and go with the swiftly passing years to be somewhat forgotten sooner or later by almost everyone. This AGROMECK too, in its own course of time, will serve only as a record of North Carolina State College activities back in nineteen hundred forty-four and forty-five.

However, before this, our 1945 AGROMECK bows its head to Father Time and lapses into the realm of forgotten memories, in its privileges to perform a tremendous task. This is the task of proclaiming the fact that we upheld in an excellent manner the customs and traditions of N. C. State in time of war. Yes, even though some of our classmates are gone, we kept the old State spirit going.

May this AGROMECK bring back the pleasant memories of life at North Carolina State College in later years when you delve through its pages.

THE 1945 AGROMECK STAFF.

The FACULTY

Colonel J. W. Harrelson

B.E., M.E., LL.D.

Chancellor of State College

Chancellor Harrelson, the unassuming, straightforward administrative head of State College, has guided the institution to its greatest period of service. He is determined that the College exert its fullest efforts to improving the standard of living and the productive capacity of the people of North Carolina through technological education and research.

FACULTY COUNCIL

L. D. BAVER

Director, Agricultural Experiment Station

B. F. BROWN

Associate Dean, School of Agriculture

T. E. BROWNE

Dean, Basic Division of the College

WM. HAND BROWNE, JR.

Director, Division of Teacher Training

MALCOLM E. CAMPBELL

Professor, Department of Electrical Engineering

W. L. MAYER

Dean, School of Textiles

Z. P. METCALF

Director of Registration and Purchasing Agent

I. O. SCHAUB

Associate Dean, Graduate School

J. G. VANN

Dean, School of Agriculture and Forestry; Director, Agricultural Extension

J. H. LAMPE

Assistant Controller

A. J. WILSON

Dean, School of Engineering and Director of Instruction

H. A. FISHER

Head, Department of Chemistry

Armed Services, Coordinator

DEANS

E. L. CLOYD, B.E., M.S.

Dean of Students

I. O. SCHAU, B.S.

*Dean, School of Agriculture and Forestry,
Director, Agricultural Extension*

Z. P. MFTCALF, A.B., D.Sc.

Associate Dean, Graduate School

DEANS

MALCOLM E. CAMPBELL
Dean, School of Textiles

J. G. VANN
Assistant Controller

W. L. MAYER, B.S., M.S.
Director of Registration

DEANS

B. F. BROWN, B.S.

Dean of the School of Engineering

L. L. VAUGHAN

Acting Dean, School of Engineering

T. E. BROWNE, A.B., M.A.
Director of the Division of Teacher Training

THE FACULTY

W. E. ADAMS <i>Assistant Professor of Mechanical Engineering</i>	I. S. BROWN <i>Assistant Professor of Physics</i>	GERTRUDE M. COX <i>Professor of Experimental Statistics</i>
D. B. ANDERSON <i>Professor of Botany</i>	R. R. BROWN <i>Associate Professor of Electrical Engineering</i>	C. E. CUMMINGS <i>Captain, Inf., Assistant Professor of Military Science and Tactics</i>
R. I. ANDERSON <i>Assistant Professor of Mathematics</i>	T. C. BROWN <i>Associate Professor of Mechanical Engineering</i>	R. W. CUMMINGS <i>Professor of Astronomy</i>
I. O. ARMSTRONG <i>Associate Professor of Education</i>	W. H. BROWN, JR. <i>Professor of Electrical Engineering</i>	P. H. DAVIS <i>Assistant Professor of English</i>
L. J. ARRINGTON <i>Instructor in Economics</i>	T. E. BROWNE <i>Director of the Division of Teacher Education</i>	R. S. DEARSTYNE <i>Professor of Poultry Science</i>
W. F. BABCOCK <i>Assistant Professor of Civil Engineering</i>	M. F. BUELL <i>Assistant Professor of Botany</i>	J. B. DERIEUX <i>Professor of Theoretical Physics</i>
S. T. BALLENGER <i>Associate Professor of Modern Languages</i>	R. C. BULLOCK <i>Associate Professor of Mathematics</i>	C. G. DOAK <i>Assistant Professor of Physical Education</i>
L. W. BARNHARDT <i>Associate Professor of History and Political Science</i>	I. LAND BURKHART <i>Assistant Professor of Agriculture</i>	T. C. DOODY <i>Professor of Chemical Engineering</i>
G. W. BARTLETT <i>Assistant Professor of Physics</i>	MALCOLM E. CAMPBELL <i>Dean of the School of Textiles</i>	J. C. DRAKE <i>Instructor in English</i>
GEORGE BAUERLEIN, JR. <i>Assistant Professor of History</i>	W. S. CARLEY <i>Assistant Professor of Electrical Engineering</i>	GEORGE H. DUNLAP <i>Textile Technologist</i>
WILLIAM LUDWIG BAUMGARTEN <i>Assistant Professor of Architecture</i>	J. W. CFFL <i>Associate Professor of Mathematics</i>	J. N. FARLOW <i>Instructor in Engineering Mechanics</i>
L. D. BAVER <i>Director, Agricultural Experiment Station</i>	J. W. CAHLEFANT <i>Associate Professor of Forestry</i>	WILLIAM BEATTIE FEATHERS <i>Instructor of Physical Education</i>
SAMUEL C. BOONE <i>Captain, Inf., Mess Officer, ASTP</i>	G. W. CHARLES <i>Instructor in Physics</i>	H. A. FISHER <i>Professor of Mathematics</i>
E. W. BOSHART <i>Professor of Education</i>	EUGENE B. CHASE <i>Major, Inf., Commanding Officer, 1st Bn. ASTP</i>	G. W. FORSTER <i>Professor of Agricultural Economics</i>
C. H. BOSHIAN <i>Professor of Zoology</i>	J. D. CLARK <i>Professor of English</i>	J. E. FOSTER <i>Professor of Animal Husbandry and Dairying</i>
D. E. BRADY <i>Associate Professor of Animal Industry</i>	J. M. CLARKSON <i>Associate Professor of Mathematics and Experimental Statistics</i>	A. M. FOUNTAIN <i>Associate Professor of English</i>
F. C. BRAGG <i>Instructor in Mechanical Engineering</i>	W. L. CLEVINGER <i>Professor of Dairy Manufacturing</i>	R. S. FOURAKER <i>Professor of Electrical Engineering</i>
C. R. BRAMER <i>Associate Professor of Structural Engineering</i>	J. K. COGGIN <i>Professor of Agricultural Education</i>	W. G. FRIEDRICH <i>Visiting Professor of Industry</i>
W. S. BRIDGES <i>Associate Professor of Mechanical Engineering</i>	E. R. COLLINS <i>Associate Professor of Soils</i>	B. B. FULTON <i>Professor of Entomology</i>
RICHARD BRIGHT <i>Assistant Professor of Chemical Engineering</i>	N. W. CONNER <i>Professor of Fluid Mechanics</i>	M. E. GARDNER <i>Professor of Horticulture</i>
H. B. BRIGGS <i>Professor of Engineering Drawing and Descriptive Geometry</i>	L. E. COOK <i>Professor of Agriculture Education</i>	H. C. GAUGER <i>Associate Professor of Poultry Science</i>
B. F. BROWN <i>Dean of the Basic Division</i>	HENRY CHARLES COOK <i>Instructor in Mathematics</i>	G. W. GILLES <i>Associate Professor of Agricultural Engineering</i>

THE FACULTY

- K. B. GLENN
Associate Professor of Electrical Engineering
- J. H. GRADY
Assistant Professor of Architecture
- R. E. GREAVES
Assistant Professor of Poultry Science
- RALPH W. GREEN
Associate Professor of Marketing
- ROBERT EDWARD LEE GREENI
Associate Professor of Agricultural Economics
- W. C. GREGORY
Assistant Professor of Agronomy
- A. H. GRIMSHAW
Professor of Textile Chemistry and Dyeing
- C. D. GRINNELLS
Professor of Veterinary Science
- ELLIOT B. GROVER
Professor of Yarn Manufacturing
- F. M. HAIG
Professor of Animal Industry and Dairying
- RUTH BADGER HALL
Instructor in Modern Languages
- C. H. HAMILTON
Professor of Rural Sociology
- THOMAS PERRIN HARRISON
*Dean Emeritus of the College,
Editor of Official College Publications*
- T. R. HART
Professor of Weaving and Designing
- A. C. HAYES
Assistant Professor of Textile Chemistry and Dyeing
- C. M. HECK
Professor of Physics
- W. N. HICKS
Professor of Ethics and Religion
- J. H. HILTON
Professor of Animal Industry
- JOHN THOMAS HILTON
Professor of Yarn Manufacturing
- T. I. HINES
Assistant Professor of Physical Education
- I. E. HINKLE
Professor of Modern Languages
- I. G. HOEFER
Professor of Mechanical Engineering
- J. V. HOFMANN
Director of Division of Forestry
- ROBERT HOOKE
Assistant Professor of Mathematics
- J. I. HOPKINS
Assistant Professor of Physics
- E. H. HOSTETLER
Professor of Animal Industry
- T. E. HUDE
Instructor in Mechanical Engineering
- H. B. JAMES
Associate Professor of Agricultural Economics
- J. H. JENSEN
Professor of Plant Pathology
- W. E. JORDAN
Associate Professor of Chemistry
- I. M. KEEVER
Associate Professor of Electrical Engineering
- B. W. KENYON, JR.
Instructor in Agricultural Economics
- W. M. KULASH
Instructor in Zoology
- C. D. KUTSCHINSKI
Director of Music
- ARTHUR I. LADU
Professor of English
- C. M. LAMBE
Assistant Professor of Civil Engineering
- J. H. LAMBE
Dean of the School of Engineering
- FORREST WESLEY LANCASTER
Associate Professor of Physics
- H. E. LEAR
Professor of Electrical Engineering
- W. D. LEE
Assistant Professor of Agronomy
- S. G. LEHMAN
Professor of Plant Pathology
- J. A. LEIPOLD
Instructor in Military Science and Tactics
- P. B. LEONARD
Instructor in Mechanical Engineering
- J. G. LEWIS
Associate Professor of Knitting
- R. H. LOEPPERT
Assistant Professor of Chemistry
- WALTER LOEWENBERG
Instructor in Mechanical Engineering
- R. L. LOVVORN
Associate Professor of Field Crops
- J. R. LUDINGTON
Professor of Industrial Arts Education
- JAMES F. LUTZ
Professor of Soils
- J. T. LYNN
Instructor in Physics
- C. W. MADDISON
Foreman of Foundry
- V. K. MAGARIAN
1st Lieut., AGD., Classification Officer
- C. I. MANN
Professor of Civil Engineering
- R. P. MARSHALL
Professor of English
- I. H. MCCUTCHEON
Professor of Zoology
- COL. DOUGLAS N. MCMILLIN
PM&T, Military Department
- J. S. MEARES
Associate Professor of Physics
- Z. P. METCALF
*Associate Dean of Graduate School
Head, Zoology and Entomology Departments*
- G. K. MIDDLETON
Professor of Field Crops
- E. L. MILLER, JR.
Instructor in Geology
- J. F. MILLER
Professor of Physical Education and Athletics
- W. D. MILLER
Associate Professor of Forestry
- ADOLPHUS MITCHELL
Associate Professor of Engineering Mechanics
- T. B. MITCHELL
Professor of Zoology and Entomology
- R. O. MOEN
Professor of Business Administration
- J. W. MORGAN
Instructor in Chemistry
- C. G. MUMFORD
Professor of Mathematics

THE FACULTY

W. M. NEALE
Instructor in Mechanical Engineering

THOMAS NELSON
Dean Emeritus of the School of Textiles

J. H. NICHOLS
Laboratory Technician

J. P. NICKELL
Instructor in English

E. H. PAGET
Associate Professor of English

H. V. PARK
Associate Professor of Mathematics

J. W. PATTON
Professor of History and Political Science

J. D. PAULSON
Professor of Architecture

R. J. PEARSALL
Assistant Professor of Electrical Engineering

J. R. PILAND
Assistant Professor of Soils

J. P. PILLSBURY
Professor of Landscape Architecture

EDMUND WESLEY PRICE, JR.
Instructor in Chemical Engineering

G. O. RANDALL
Associate Professor of Horticulture

E. E. RANDOLPH
Professor of Chemical Engineering

M. E. RAY
Instructor in Civil Engineering

W. A. REID
Associate Professor of Chemistry

R. B. RICE
*Professor of Mechanical Engineering
Director, Diesel Engineering
P & W Coordinator*

J. A. RIGNEY
*Associate Professor of Field Crops
and Experimental Statistics*

M. R. ROWLAND
Assistant Professor of Mechanical Engineering

ROBERT HENRY RUFFNER
*Professor of Animal Husbandry
and Dairying*

G. H. SATTERFIELD
Professor of Biochemistry

I. O. SCHAUß
*Dean of the School of Agriculture
and Forestry, and Director of
Agricultural Extension*

W. P. SEAGRAVES
*Assistant Professor of
Mathematics*

I. WALTER SEIGERS
Assistant Professor of History

W. E. SELKINGHAUS
*Associate Professor of Mechanical
Engineering*

A. B. R. SHEPLEY
Assistant Professor of English

W. E. SHINN
*Professor of Weaving and
Designing*

M. F. SHOWALTER
Associate Professor of Chemistry

C. B. SHULENBERGER
Professor of Accounting

R. E. SHUMAKER
Professor of Architecture

I. B. D. SHUNK
Professor of Botany

G. K. SLOCUM
Associate Professor of Forestry

B. W. SMITH
Associate Professor of Field Crops

C. F. SMITH
Assistant Professor of Entomology

G. W. SMITH
*Professor of Engineering
Mechanics*

J. W. SMITH
Professor of Industrial Education

R. O. STEVENS
Professor of Zoology

E. H. STINSON
*Instructor in Mechanical
Engineering*

R. L. STONE
*Associate Professor of Ceramic
Engineering*

C. F. STROBEL
Assistant Professor of Mathematics

A. D. STUART
Associate Professor of Field Crops

J. L. STUCKEY
Professor of Geology

PAUL PORTER SUTTON
Assistant Professor of Chemistry

HORACE C. THOMAS
*Instructor in Military Science
and Tactics*

F. S. TOWERY, JR.
*Captain, Assistant Professor of
Military Science and Tactics*

W. G. VAN NOIE
Professor of Metallurgy

WILLIAM LEE VAUGHAN
*Acting Dean of the School of
Engineering, Professor of Mechanical
Engineering*

HERMAN H. VESTAL
*Major, Assistant Professor of
Military Science and Tactics*

D. S. WEAVER
*Professor of Agricultural
Engineering*

J. G. WEAVER
Associate Professor of Horticulture

B. W. WELLS
Professor of Botany

I. B. WHEELER
*Professor Practical Mechanics and
Superintendent of Shops*

R. C. WHITE
Instructor in Chemistry

C. B. WILLIAMS
Professor Emeritus of Astronomy

H. P. WILLIAMS
Professor of Mathematics

I. I. WILLIAMS
Professor of Organic Chemistry

N. W. WILLIAMS
Assistant Professor of Poultry

A. J. WILSON
Professor of Analytical Chemistry

T. L. WILSON
Assistant Professor of English

MERLE WESLEY WING
Instructor in Zoology

E. W. WINKLER
*Assistant Professor of Electrical
Engineering*

S. R. WINSTON
Professor of Sociology

T. W. WOOD
*Associate Professor of Industry and
Personnel Management*

I. S. WOODRUFF
*1st Lt., Assistant Professor of
Military Science and Tactics*

WILLARD K. WYNN
Assistant Professor of English

The Publications Board is composed of certain members of the Administration and all Editors and Business Managers of the major publications on the campus. They have complete control over the publications, and it is their job to see that these publications are run in a smooth and orderly manner. The Board is constantly searching and trying to give North Carolina State College the best publications that are available.

JUDGE L. R. VARSAR

Phi Kappa Phi was installed at State College in 1924. The Society of Phi Kappa Phi was founded at the University of Maine in 1897. It was broadened into a national society by a committee composed of A. W. Harris, then President of the University of Maine; C. W. Dabney, then President of the University of Tennessee; and G. W. Atherton, then President of Pennsylvania State College. The Chapters at these three colleges are represented by the three stars in the seal of the Society shown above. The primary purpose of the Society is to encourage high standards of scholarship and character.

Phi Kappa Phi differs from some other scholarship societies in that students in every department of the institution where the Chapter exists are eligible for membership. Students in the arts, history, literature, philosophy, religion, science, sociology, and law are equally entitled to membership.

It is the purpose of the Student Government to handle all matters of student conduct, honor, and general student interest; and to promote in campus life self-control, personal responsibility, and loyalty to the college and to the student body. Every duly registered student of North Carolina State College automatically becomes a member of the Student Government and is subject to the jurisdiction of its legislative branches. Each undergraduate at the time of his enrollment must sign a pledge accepting his part in the Student Government and pledging his support to the cause.

The article of the Student Government had its origin at this college in 1921. Since that time there have been revisions made in order that changing conditions and needs might be adequately coped with, but the principles of student participation have remained unchanged. The Student Government is valuable to the students in that it develops a sense of responsibility in the student and trains him along lines which are conducive to good citizenship.

STATEMENT OF PURPOSE

1. To lead Students to faith in God through Jesus Christ.
2. To lead them into membership and service in the Christian Church.
3. To promote their growth in Christian faith, especially through the study of the Bible and prayer.
4. To influence them to devote themselves in united effort with all Christians to making the will of Christ effective in human society and to extend the Kingdom of God throughout the world.

The Pine Burr Society was founded at North Carolina State College in 1922. Pine Burr is a scholarship fraternity, and in addition to being solely a State College organization, is the first and oldest all-college honorary fraternity on the campus.

Membership in Pine Burr is a much coveted honor. Members of the society are selected from the entire student body who have not failed a course in college, who have a scholastic average above eighty-five per cent. and who have been at State College for two years. Also, the student must be active and prominent in some extra-curricular activity.

Pine Burr Society has three objectives, namely, the encouragement of high standards of scholarship, the development of leadership, and the preservation of the history of the college.

Tau Beta Pi, the national honorary engineering fraternity, was founded at Lehigh University in 1885. The Alpha of North Carolina was installed here in 1925. It is the purpose of the association to mark in a fitting manner those engineers who have conferred honor upon their Alma Mater by distinguished scholarship, liberal culture, and exemplary character. To be elected into Tau Beta Pi is one of the highest honors that a student engineer can receive.

Organized in 1926, the Engineers' Council is made up of student representatives from the professional engineering societies of the various departments in the School of Engineering. Since State College entered the war, the main purpose of the Engineers' Council is to keep all of the technical societies in the School of Engineering functioning. It tops the year with the Engineers' Brawl, The Knighting of Saint Patrick, and the annual presentation of the award to the most outstanding senior in engineering.

Phi Psi is the largest textile fraternity in the world, and its alumni hold some of the highest positions of trust and respect in all branches of the industry. So that the alumni might maintain closer contact with each other, alumni chapters are located in all leading textile centers of the country.

Since its organization at State College, Eta Chapter has taken an important part in the activities of the Textile School. Its members have been prominent, not only in the affairs of the department but also of the college as a whole. They have gone out to earn places of trust and responsibility in the textile industry.

Theta Tau is a Professional Engineering Fraternity of college students. The purpose of this organization is to develop and maintain a high standard of professional interest among its members and to unite them in a strong bond of fraternal fellowship. This chapter is the holder of the Inter-Honor Council Cup awarded to the honorary fraternity showing the most improvement during the past year. This organization sponsors the Little Theatre Drive of the campus and has sponsored the cigarette drive for service men overseas.

The American Society of Civil Engineers is the oldest national engineering society in the United States, and during its lifetime has earned a record list of accomplishments, particularly encouraging intercourse between students and practicing engineers. The State College Chapter has been particularly fortunate in this respect. Most of the members of the faculty are members of the national society, and they have cooperated to make this link connecting the theory of the classroom with the technical facts and realities of the job.

This year Tompkins Textile Society is the only active organization for the textile students. The society is a professional organization which was founded a few years ago for the purpose of discussing important textile problems and the latest methods developed by the industry. Meetings are held twice a month at which time prominent men experienced in the varied fields of the industry address the society. In this manner the students obtain much valuable information.

Before the acute manpower shortage the Pratt and Whitney Aircraft Engine Company had the foresight to start a training program for young women college graduates at various technical schools. These young women were selected from different graduating classes all over the country, and sent to certain technical schools where Pratt and Whitney had established training centers. The training program here at State College specializes in mechanical engineering and is ably directed by Professor Robert B. Rice. Their one year's special training here is meant to serve only as a general engineering background, and upon leaving here the Pratt and Whitney Fellows will go into advanced training in the production plant. Eventually they will work with and replace production engineers in our country's fight for freedom.

Sigma Nu originated from the Legion of Honor, a secret society organized in 1868 at the Virginia Military Institute. The four founders were moved by idealistic hopes, and they founded a society which would inculcate honor and mutually benefit its members. Since its founding the fraternity has prospered and at the present time, there are 99 active chapters throughout the country. It is the oldest fraternity at State College, Beta Tau chapter having been installed here in 1895. The purpose of its founders was "to establish through the warm friendships of a group of congenial college men, on the foundation stone of honor, ideals of intellectual achievement, character, and social development, all to the end of becoming better men and better citizens."

On March 1, 1868, Pi Kappa Alpha fraternity was founded by six students at the University of Virginia. These six men had long been close friends, going through the Civil War together. Wishing to perpetuate their friendship they founded the Pi Kappa Alpha fraternity. Pi Kappa Alpha has always encouraged scholarship, maintained a high spirit of fraternalism among its members and engaged in all college activities in a sporting manner. The colors are garnet and gold and the flower is the lily of the valley. Since Pi Kappa Alpha's birth at the University of Virginia, it has prospered until chapters are at all the leading colleges and universities of the country; until now there are seventy-four active undergraduate chapters and eighty-four alumni chapters.

Sigma Phi Epsilon, national social fraternity, had its inception at Richmond College (now University of Richmond) in Richmond, Va. on November 1, 1901. It was organized by six friends gathered together as a purely social organization and known as the Saturday Night Club. The principle of good fellowship was the keystone. There are now 70 active chapters throughout the country with a total membership of over 24,000 members. The local chapter was the thirteenth chapter installed in the country, on March 4, 1905.

Delta Sigma Phi, international social fraternity, was founded at the College of New York City on December 10, 1899. There are now fifty-five chapters, totaling a membership of some fifteen thousand. Thirty-nine chapters own their own homes, with a total valuation of \$1,500,000. There are twenty-one alumni chapters. On May 10, 1915, Rho Chapter was installed at N. C. State College. This chapter was formed from a local organization, Gamma Alpha Nu Gamma, commonly known as the Gang. This was an organization of three years' standing. The fraternity observes a conservative expansion policy. Petitioners must meet legitimate scholarship, chapter organization, and house ownership requirements. Membership is limited to men of the white race whose ideals and beliefs are those of modern Christian civilization.

Sigma Pi, national social fraternity, was founded at Vincennes University, Vincennes, Indiana, February 26, 1897. The purpose of its founders were "To organize the most worthy activities, social, athletic, and scholarly, and to set a high standard of manliness and college loyalty." The fraternity now has thirty active chapters located in eighteen different states. Twenty-four chapter houses are owned by the fraternity, representing an original investment of \$650,000, exclusive of furniture, and so forth. Rho Chapter was installed at State College in 1921. The chapter owns its own chapter house located at 2513 Clark Avenue.

Founded at Boston University in 1909, Lambda Chi Alpha has expanded until it now has one hundred and twelve active chapters. These chapters are established at most of the prominent colleges and universities throughout the country. Lambda Chi Alpha employs two full time traveling secretaries who visit the chapters and maintain their contact with the general fraternity. The "Cross and Crescent" is the fraternity magazine and is published seven times annually. "Delta Pi," the secret magazine, is published quarterly. The "G-U-Growler," the news letter of the local chapter to its alumni, is put out quarterly. Other Lambda Chi Alpha chapters in this state are located at Duke, Wake Forest, and at the University of N. C. Every year these chapters, together with the State College Chapter, have "get-togethers" in the form of track meets, picnics, dances and house parties.

Alpha Lambda Tau was founded at Oglethorpe University in 1916. It was the first fraternal organization at that institution following its reorganization in the same year. Originally formed as the Alpha Lambda Club, it was later decided that the fraternity should become a national order, and was incorporated under the laws of the State of Georgia as Alpha Lambda Tau. There was at first an idea that the fraternity would never go north of the Mason-Dixon line, but this was disproved in the 1927 national convention, at which a charter was granted to a group at the University of Illinois. Zeta chapter was installed at North Carolina State College on January 22, 1925. Since that time it has grown steadily and its members have taken an active part in campus affairs. There are alumni chapters located in many of the larger cities. The chapter owns its own house which is located at 10 Enterprise Street.

Sigma Alpha Mu was founded at the College of the City of New York on Thanksgiving Eve, November 26, 1909. The object of the fraternity as written in its constitution is "to form a close social and fraternal union of Jewish students of the various universities, colleges and professional schools in America; to foster and maintain among its sons a spirit of fraternity, a spirit of mutual moral aid and support; to instill and maintain in the hearts of its sons love for and loyalty to Alma Mater and its ideals; to inculcate among its sons such ideals as will result in actions worthy of the highest precepts of true manhood, democracy, and humanity." The State College chapter of Sigma Alpha Mu is the outgrowth of a local Jewish fraternity, Theta Phi, which had its beginning in 1929. From its beginning the fraternity has maintained high standards of scholarship and conduct.

Sigma Chi Fraternity was founded at Miami University, Oxford, Ohio, on June 28, 1855. It was the nineteenth college fraternity to be founded, and the third to be founded at Miami University. Today, Sigma Chi consists of 103 active chapters, and 98 Alumni Chapters. Its chapter houses exceed \$3,370,000 in value, and it has assets of approximately \$480,000. The Sigma Chi chapter at North Carolina State College was installed on May 15, 1943, after two years' existence as a local fraternity known as Chi Sigma. This year was highlighted by the second annual Sigma Chi Sweetheart Ball given in the Hotel Sir Walter.

CO-CAPTAINS OF THE 1944 FOOTBALL SQUAD

THE 1944 FOOTBALL SQUAD

STATE 27—MILLIGAN 7

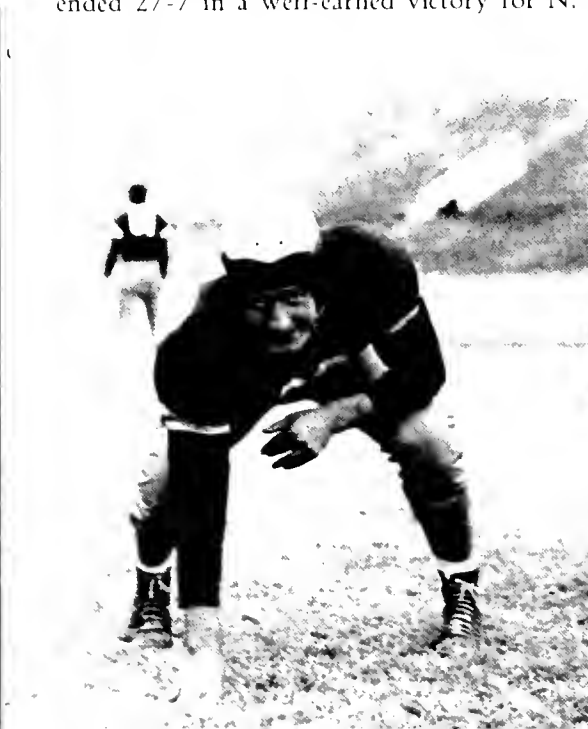

State copped the season's opener, defeating Milligan College from Tennessee, 27-7, before 4,500 fans. It was a well-balanced, fighting team that Coach Feathers presented, one that for the most part made use of the tricky T-formation in its offense. Howard Turner, veteran of the 1943 Wolfpack, was the backfield star. Howard, with his running and passing, sparked the State offense and was the best ground-gainer of the night.

The visitors held State in the first quarter, but shortly after the second quarter began, John Lenhart blocked and recovered a Milligan punt, and a few minutes later State scored on a pass from Turner to Westfall. Zickefoose's placement was good.

The Wolves chalked up two touchdowns in the third quarter, the first coming after the kickoff. The drive, starting from State's 25, was led by Turner, Worst, and Westfall; Zickefoose again converted. The third touchdown came through the efforts of the second team; a march, featured by two passes for 15 and 13 yards from Charlie Richkus to George Sakas, ended as Richkus skirted around right end to score. Danny Sharp added the placement.

State's final score came late in the fourth quarter after a powerful drive of 69 yards. Westfall, Turner, and Worst again were the principal ball carriers; Turner hit Gibson over the goal line for the final Wolfpack score. The placement fell incomplete.

Milligan scored midway in the fourth period by recovering Worst's fumble behind the goal line. The conversion was good so the game ended 27-7 in a well-earned victory for N. C. State.

STATE 13—VIRGINIA 0

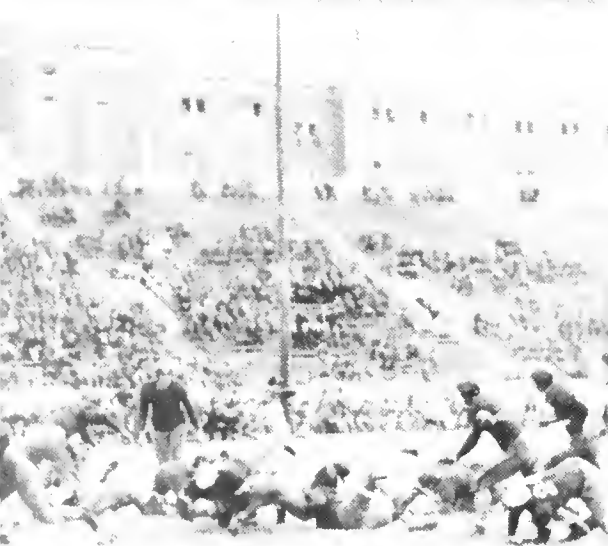

N. C. State linemen recovered two fumbles in the end zone in the fourth quarter on rain soaked Forman Field at Norfolk to upset the University of Virginia, 13-0. Held scoreless three-fourths of the game, the Wolfpack capitalized on the Cavalier fumbles for the lone scores of the game. Playing in a sea of mud, the linemen were the decisive stars of this very rough game.

Our first touchdown came as Lum Edwards, a State end, recovered Dick Michels', Virginia halfback, fumble in the end zone. Michels was attempting a punt on the third down, but the pass from center was high and slithered by Michels. Edwards, who played a brilliant game, stole the ball in the scramble. The conversion by Mende Zickefoose was good.

Five plays later State chalked up another touchdown to increase their lead to 13 big points as Tony Gaeta fell on another of Michels's fumbles in the end zone. After Zickefoose kicked off to Virginia on this tell-tale play, the Cavaliers drew a 15-yard penalty for clipping. After gaining 4 yards from their own 17-yard stripe, State linemen smothered Virginia for a two-yard loss. On the next play Ellis fumbled, but Hickman recovered for Virginia after the Cavaliers had lost eight more yards. Michels then went back in punt formation but fumbled a low pass from center, which Gaeta recovered as the elusive ball rolled into the end zone. Zickefoose's placement failed.

The Wolfpack played a brilliant game. Fully aware of the danger of the slippery conditions they usually voted to kick on the second or third down to avoid handling the ball.

STATE 7--CLEMSON 13

The Clemson Tigers handed N. C. State its first defeat in Legion Memorial Stadium in Charlotte before 5,000 fans. The light but fast Wolfpack put up a rugged fight but were unable to withstand some of the Tigers' dynamic charges.

Clemson received the first kickoff of the game and marched 76 yards for the first score of the game without relinquishing the ball. Miller of Clemson added the placement.

On the next play Worst, State back, received the kick on State's 15-yard line and galloped the entire field for a touchdown. His running was powerful and brilliant, and the line furnished him with superior blocking. When Mendel Zickefoose kicked the point, the score was tied at 7-7, and the game was deadlocked until the final period.

Two penalties set State back to their one-yard line. Then the Tigers, by hard-blocking Turner's kick, gained possession of the ball on the State 23 and pushed over for the final score of the game.

The Wolves were led by the brilliant running of Worst and Turner; Lenhart and Rattelade, a pair of State guards, turned in admirable line work.

STATE 12--CATAWBA 7

Beattie Feathers' fighting Wolfpack defeated the surprisingly potent Catawba Indians 12-7 in Riddick Stadium for the third win of the season.

The Indians surged ahead in the first few minutes of the game by recovering Turner's fumble on the State 38-yard line. Gabriel of Catawba passed to Bowen for 13 yards and the touchdown; Dorton's kick was good, and the score was 7-0.

This setback embittered State, causing the over-anxious Wolves to give up 80 yards and 5 first downs in penalties during the game.

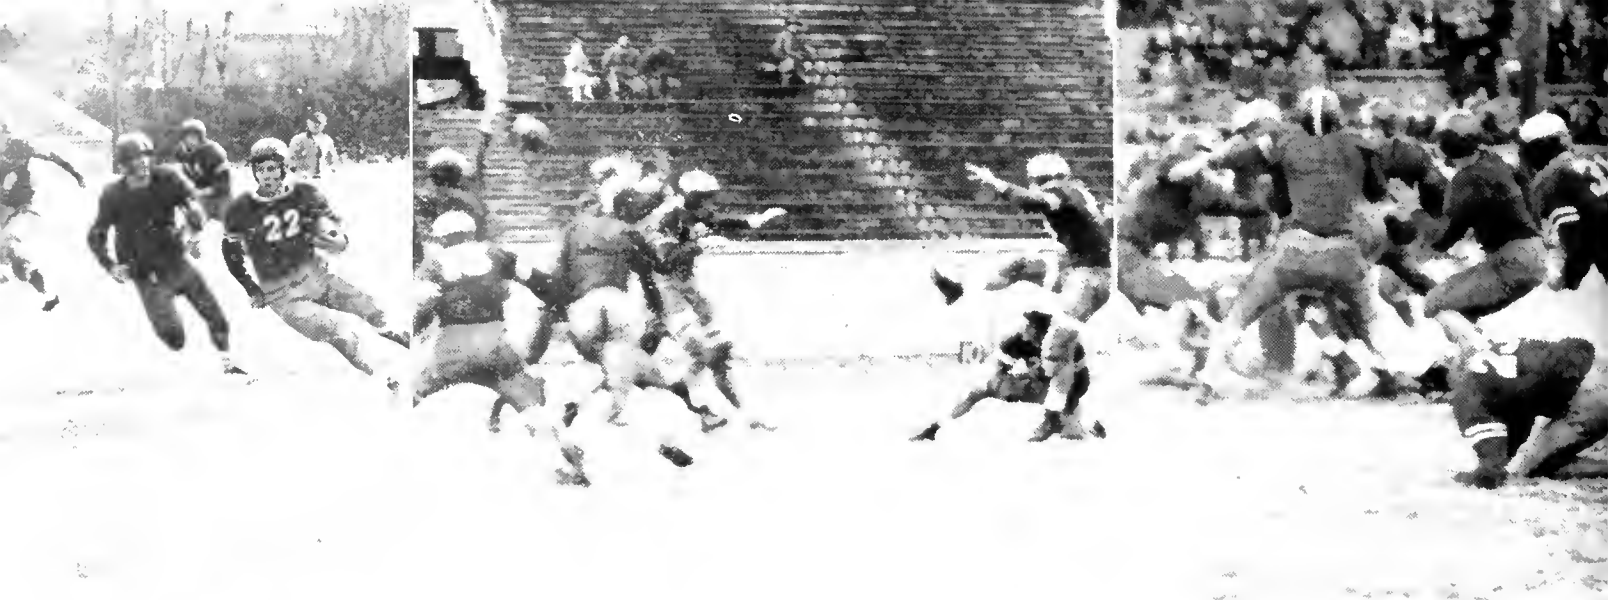

State almost evened things up in the final minutes of the first period when Richkus passed to George Sakas for a touchdown on a play that covered 55 yards. Zickefoose missed the extra-point and left Catawba a one-point margin that looked big until the final minutes of play.

The score-keeper had a rest for the next two periods, but the game was anything but slow. Richkus and Turner alternated in the backfield. Both teams threatened to score on numerous occasions; Catawba's attack was mainly through the air which netted them a total of 117 yards. The Wolves seemed to be on edge throughout the game and played extremely ragged ball until the final period.

The winning touchdown came in the final period when Richkus led the Wolves in a 47-yard march that climaxed in a pass from Richkus to Lisak for the score. Zickefoose's kick was low so the score was 12-7.

Catawba threatened once more in the final moments of the game by driving to the State 7. The threat ended, however, when Edwards captured Gabriel's fumble on the State 3. Richkus then led State out of danger by booting the ball back to Catawba's 37 for a long 59-yard punt. The game ended 12-7 with a victorious Wolfpack.

STATE 7—WAKE FOREST 21

Eleven thousand spectators watched State suffer its second defeat of the season at the hands of a more-powerful Wake Forest eleven. By alert playing, however, the first Wolfpack was able to score the first touchdown of the game and hold the Deacons to three touchdowns.

Howard Turner again led the State offense with his running, passing and kicking; Bobby Warst also played a standpoint game.

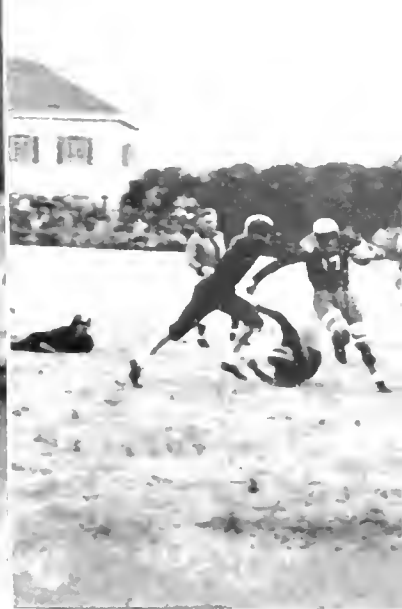

Our lone touchdown came in the second period after Turner returned a Deacon punt nine yards to the Wake Forest 36. After a three-yard gain on a line play, a pass from Turner to Eicholtz clicked for 26 yards. Turner and Worst bucked the line on the next two plays for a three-yard gain. Gibson took the ball on an end-around play for our score; the placement by Zickefoose was good. The Deacons scored a touchdown in the second, third, and final periods, mainly on power-drives; thus the game ended 21-7.

STATE 19—WILLIAM AND MARY 2

Alertness in capitalizing on the breaks gave the very fast State eleven a 19-2 victory over William and Mary's Indians, our fourth win of the season. The mental sharpness Coach Beattie Feather's team displayed seems to have won the hearts of the 12,500 Virginia fans; the prowess the State team exhibited has won the nickname of "The Retrievers" for themselves.

The Wolfpack chalked up two touchdowns in the first period and

another in the third, while their opponents managed only two points from a safety in the third period.

Bob McRainey, a tackle scooped up the ball and ran 35 yards for our first score after George Croker blocked Macgkiah's punt early in the first period. This score was made possible by the split-second decision of Edwards to block out an Indian and open the way for McRainey rather than try for the ball. A few minutes later, after a punt exchange, we scored again on a long pass from Richkus to Sakas, a smooth-working couple in our attack.

Sakas set up the Wolfpack's third score by recovering a fumble on the Indians' 27. Then after two line plays and an end run picked up 24 yards, Bobby Worst cracked the center of the Indian defense for the touchdown. The conversion by Zickefoose was good.

The Indians were credited with two points earlier in the third period when a punt by Richkus on his own 22 was blocked by the Indian center Tommy Thompson and bounced in the end zone.

Again State won not by power plays but by brilliant, alert playing, such as the commendable performance turned in by Lum Edwards.

STATE 21—V. M. I. 6

State's Wolfpack for the third time defeated a Virginia team, Virginia Military Institute, 21-6, on November 4th at Lexington, Virginia. For the third time our well-coached eleven started tallying on a blocked punt and went on to chalk up seven points during each of the first three periods.

The Wolfpack took the lead five minutes after the opening whistle when Paul Gibson blocked a punt by Butterworth, and John Lenhart grabbed the ball and sprinted 18 yards for a touchdown.

On the first play of the second quarter, Zickeloose recovered Butterworth's fumble on State's 48. Then Bobby Worst bucked the line for 13 yards and again plunged into the Cadet line on the next play, gathering 34 yards for our second touchdown.

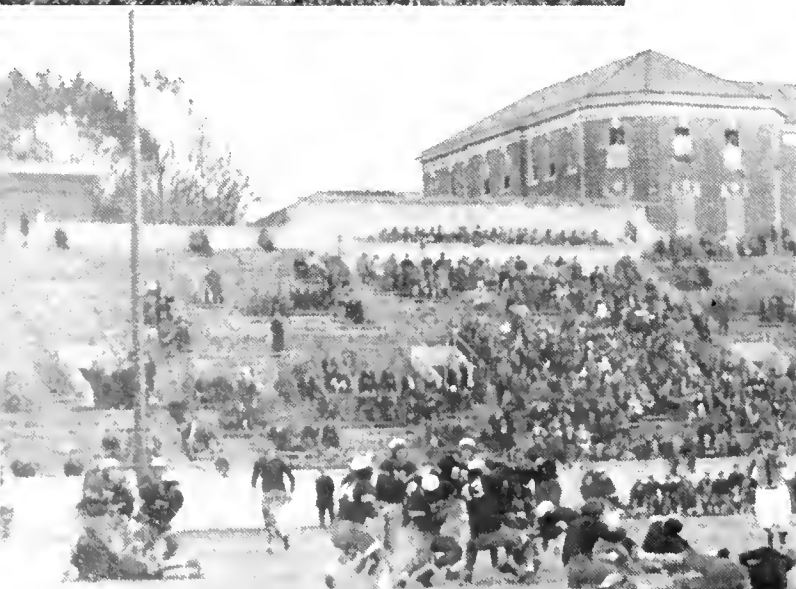

V. M. I. came back at us when Butterworth's punt rolled dead on the State one-yard line. State punted out but Ellis returned the ball to the 34; from there the Cadets marched to their lone score.

Our third touchdown came late in the third quarter when Howard Turner passed to George Sakas for a 11-yard gain and then to Paul Gibson, who was finally brought down on the V. M. I. one-yard line after a 38-yard run. On the next play Turner plunged over tackle for the score. Zickeloose made the three placements good so the game ended 21-6.

Julian Rattelade, State guard, suffered a broken leg in the first period of the game.

STATE 28—MIAMI 7

Our sixth win of the season came before 12,000 spectators in the Orange Bowl Stadium as we defeated the Miami Hurricanes 28-7. Again we defeated a more powerful team by alert, fast ball-handling and smooth team work. Howard Turner from Rocky Mount, our ace back, was the impressive star of the game, being in on all of our touchdowns. For his brilliant performance Turner became a leading candidate for the All-Southern Conference team.

Our first touchdown came after Turner ran back an intercepted pass 44 yards; Worst took the ball over in a 42-yard plunge. We scored again on the first play of the second period after a 33-yard drive which ended in an end-run by Gibson. A 44-yard pass play, from Turner to Edwards, gave us our third score late in the second quarter.

Our final touchdown came in the final minutes of the game on another pass from Turner to Gibson. Zickefoose placekicked all four points after touchdowns.

Miami, having the advantage of weight, managed only one touchdown; it was superior speed and alertness that again won for State.

STATE 39—RICHMOND 0

Our football season ended with an easy decision over the Richmond Spiders, 39-0. Howard Turner, Charlie Richkus, Bobby Worst, and Mendel Zickefoose led the Wolfpack to their seventh victory in nine starts.

The alert Wolfpack dominated the play throughout the game, massing a total of 330 yards, marching 65 yards twice for touchdowns. For the first time during the season the Wolves were heavier than their opponents, and Coach Feathers used this occasion to play all his subs.

The Wolfpack enjoyed its most successful season since 1932, under the direction of Coach Beattie Feathers for the first season. Only Clemson and Wake Forest defeated State during 1944.

Before the State-Richmond game, the State Athletic Council voted to offer Beattie Feathers a three-year contract as our head football coach. Here's to Beattie and State's success in 1945.

BASKETBALL

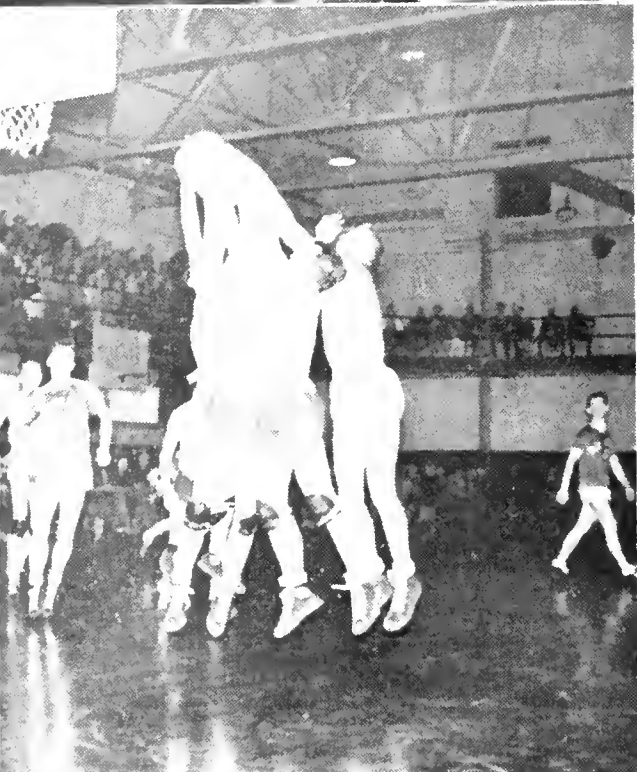

Bottom row: KOHLER, SWARTZBERG, TURNER, RICHKUS, ALMOND. Top row: COACH JAY, GIBSON, SWARTZ, PICKETT, DAVIS, EDWARDS, MANAGER JORDAN.

BASKETBALL SCHEDULE

State	35	Jamesville	23
State	33	Camp Butner	58
State	27	Fort Bragg	39
State	23	Seymour-Johnson Field	39
State	34	Navy Pre-Flight	51
State	46	Maryland	32
State	54	William and Mary	37
State	31	Catawba	35
State	44	Davidson	31
State	48	Seymour-Johnson Field	35
State	28	William and Mary	33
State	57	Maryland	42
State	46	U. N. C.	61
State	38	Duke	48
State	57	Wake Forest	37
State	36	Catawba	32
State	55	Davidson	25
State	35	U. N. C.	43
State	46	Wake Forest	38
State	40	Duke	47

After much hard work and long practice Coach Jay presented us with a surprisingly well-balanced team for 1945. The team was built chiefly around the four returned veterans of the court—Kohler, Turner, Almond, and Swartzberg. The new additions to the squad came from our work-hardened football team and our depleted wartime student body.

We split our pre-season games by downing the Jamesville semi-pro team but losing to a stronger Camp Butner five. Before beginning the conference games, we competed in three more practice games, losing to Fort Bragg, Seymour-Johnson Field and Navy Pre-Flight respectively.

Then we got off to a head start in the conference by defeating Maryland, 46-32; Tur-

ner, Davis, Swartzberg, Kohler and Richkus started the game with Swartzberg walking off with scoring honors with 15 points to his credit. Our next game was with William and Mary who we outplayed, 54-37; our high scorers for the game were Kohler and Turner with 15 points apiece.

The high-spirited Catawba Indians handed us a close defeat, 31-35; however, this was not a conference game. On January 13, we scored our third conference win over Davidson, 44-31; Turner led our attack with 16 points.

We again met Seymour-Johnson Field in a non-conference game on January 17, this time at State, and were able to win 48-35.

We lost our second engagement with William and Mary, 28-33; the team failed to

click on both offensive and defensive play. This was our first conference loss of the season. However, we improved our standing by again trampling Maryland in our second game with her, 57-42. Turner was again high scorer with 15 points.

The more powerful "Phantoms" from Carolina defeated us, 46-61, at the University on January 26. We suffered our third conference loss of the season at the hands of Duke University, 38-48.

On February 2, we defeated the Wake Forest five, by a margin of 20 big points, on our home court. Turner led our offense with 19 points to his credit, chalking up many of them by use of spectacular shots. Two days later we again won on our home court by avenging our previous loss to Catawba by

defeating them in a close game. Turner and Richkus each scored 11 points.

On February 8, we won our third consecutive home game by defeating the smaller Davidson team, 55-25.

We met U. N. C. for the second time of the season on February 12 on our home court and lost by the score of 35-43. Our five chalked up our last win of the season by defeating Wake Forest 46-38. In these two games Turner was the star, scoring 19 and 18 points, respectively. We dropped our last game of the season to Duke, 40-47, in the Frank Thompson Gymnasium.

In the tournament State was drawn by Carolina for the first game. It was played Thursday night at 9 o'clock. State was defeated in that game and was thus eliminated from further tournament play.

BASEBALL

1944 BASEBALL SQUAD

BASEBALL SCHEDULE, 1945

				<i>Date</i>
State	11	Cherry Point Marines	9	3-40
State	9	Navy Preflight	7	4- 4
State	3	Carolina	14	4- 7
State	12	Navy Preflight	6	4-11
State	13	Navy Preflight	4	4-18
State	1	Carolina	6	4-21
State	5	Navy Preflight	4	4-26
State	1	Duke	9	4-28
State	6	Carolina	0	4-30
State	2	Duke	5	5- 2
State	1	Carolina	15	5- 5
State	8	Duke	7	5- 9
State	15	Duke	16	5-12
Won	7	Lost	6	

The 1944 baseball team of State College was the youngest and most inexperienced in the history of the college. Coach Doc Newton was unfortunate indeed to have his rookies in a league of highly potent teams like U. N. C. Duke, and the N. C. Navy Preflight.

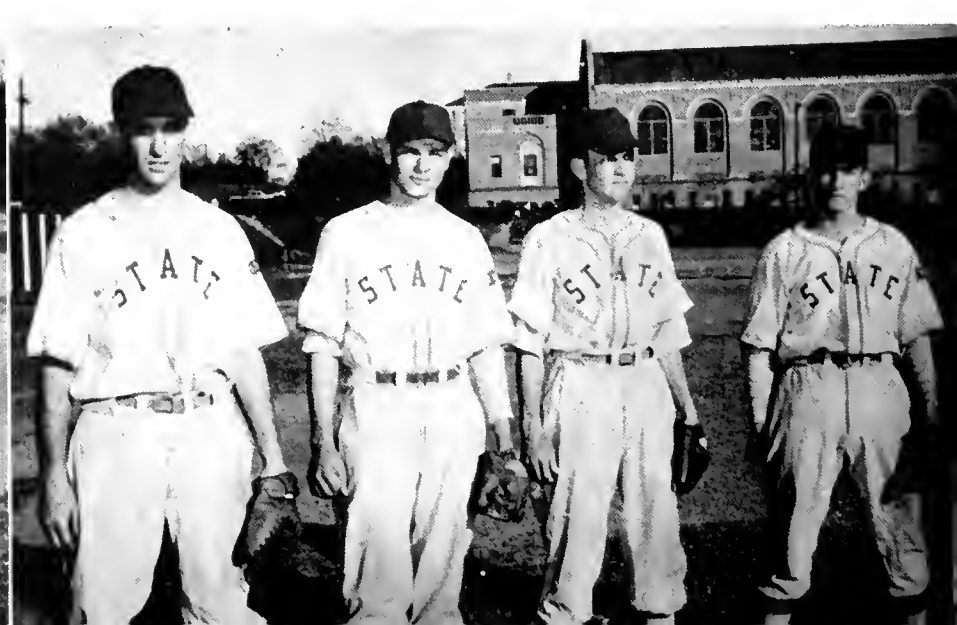

Jimmy Wilson, the star freshman of last year, was the sole returning letterman. He paced the league in home runs and triples and led the Red Terrors in hitting for the second year with a batting average of .327. The Person Trophy was awarded to Wilson for outstanding character and sportsmanship.

State had a light hitting nine but it was the inept defensive play which cost them many games. The latter weakness was extremely difficult for two capable pitchers like Bob Edwards and Doug Page to overcome.

Many of Coach Newton's boys developed into creditable performers as the season progressed. Although there were numerous changes, the lineup generally included the following: Hardy Baker or Jack Alford catching, Homer Grandy or George Clark at first, Willie Evans at second, Ed Lamb or Jimmy Fly at short, Bob Wood or Red Dawson at third, Charlie Wiggs at left, E. L. Allen or Hubert Rose at center, and Jimmy Wilson at right. Red Humbert, Don Humphrey, and Brice Younts served in utility roles.

The Red Terrors won their opening game 7-0 in an exhibition tilt against the Army Preflight nine stationed on the campus. This game was the only victory for the lads of State College. Edwards and Page divided the pitching honors and together they fanned sixteen of the future airmen. Newton's charges dropped their first Ration League game to the Chapel Hill Preflight on Doak Field. A sieve-like defense ruined the locals play. Wilson knocked a home run the first time up to enliven an otherwise dull contest.

The Carolina Tar Heels romped over State in Chapel Hill in their first meeting. In the same ball orchard two days later, the Preflight took

a well-played affair from the Terrors by a score of 6-3. Page hurled a neat game, yielding only one earned run, while Wilson connected for his second round-tripper of the season. Over at Duke, Edwards tossed a five-run, five-hit game as State was blanked for the only time of the season. Unfortunately for Edwards, all of the Blue Devil runs were unearned.

The Terrors grabbed a 4-0 lead behind Page but the Navy Preflight rallied in the seventh inning to win 8-4 in Chapel Hill. Back home on Doak Field, Duke scored often in the early frames to down State again 8-2. Evans poled a home run. Doc Newton's fizz kids should have won their last game with Preflight but luck was "agin 'em." The Cloudbusters took an 8-6 fracas that went 10 innings although the winners were out hit 12 to 8. Page yielded only three hits after the first inning.

In their most thrilling game of the season, the hard-pressed State men were nosed out by Carolina 6-5 in an eleven-inning struggle. Clyde King, who pitched for the Brooklyn Dodgers later in the summer and, incidentally, beat the World's Champion St. Louis Cardinals, started for the Heels. He held a 3-0 edge over Edwards until the eighth frame. Then, pinch-bitter Page slammed a three-run homer to even the score. The enemy scored twice in the ninth but State batted King out of the box to tie up the contest again. In the eleventh, Carolina shoved over the winning marker.

Duke again socked the Terrors hard in winning 12-1. The only bright spot of this game was Evans' four hits in as many bats. Carolina took another game from State by a score of 9-3. The Ration League Champions, Duke, kept their jinx on the Terrors for the fourth time of the season. Doc Newton concluded his coaching career at State College as Carolina won the final game of the season 6-3 from the team in red and white.

AFTERWORD

To the seniors of the class of 1945 who have been "exposed" to higher learning for at least four years go the thoughts of this afterword.

The original class of '45 numbered exactly one dozen less than a thousand. We were a high-spirited bunch of slap-happy guys who couldn't see any further than the approaching week-end. During freshman week we were sobered only slightly by the advice and warnings issued from the portals of Pullen Hall. Only after placement exams, more lectures, meetings, and registration did we faintly begin to realize that college was more than merely a four-year house party.

That first week of classes saw us as wandering and wondering wide-eyed freshmen who were weary of almost everything, especially of climbing the back stairs in Tompkins Hall. Before many moons had waned, however, we were just certain that no upper-classman could tell that we were frosh.

The events of the first year flashed before us in a great panorama of activity. We thrilled to the annual Big Five pigskin fantasy of which State played such an important part. Yes, that year we won over Carolina for the first time in fourteen years. Kenan Stadium at the Hill is still rocking from the beating it took that overcast Saturday afternoon. Dances came and went until we were dizzy from trying to keep up with the upper-classmen. On came the spring with its baseball, tennis, and the ever-present temptation to put aside books.

We were that same happy care-free class when the war struck and we told our classmates goodbye. Little did we realize that there would be some we would never see again.

Because of the war and the speed-up program some of us have graduated early and some others have joined our class. Of course, only a few of our original number were able to graduate, but I am certain that the spirit of the class of 1945 is still the same. We were all freshmen together, we studied together, we played together, and we went "ram stealing" at Chapel Hill together. And so, my laddies, here's to us and to our classmates who have left us.

YOUR EDITOR.

We're Never "DOWN FOR A COUNT" on any machine or process

... BECAUSE WE'VE GOT EVERYTHING UNDER VEEDER-ROOT COUNTROL

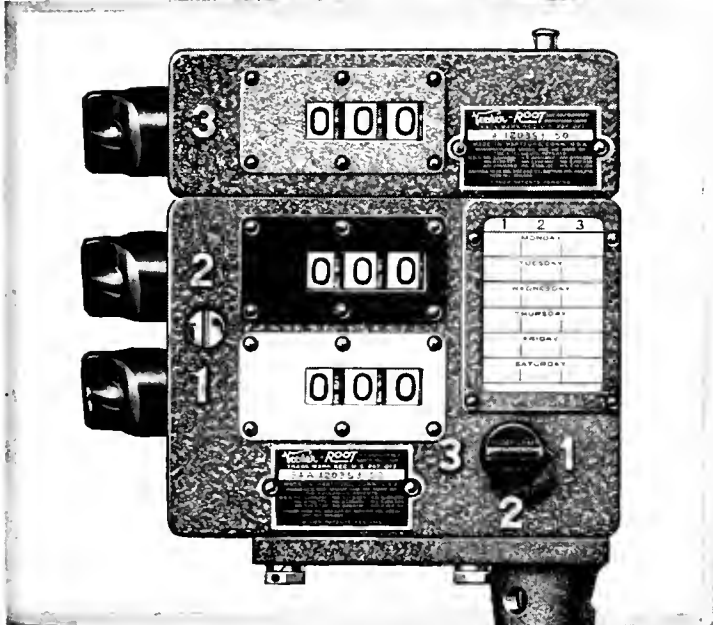

That's what they say in all types of mills, where Veeder-Root Devices are counted on to provide continuous, accurate production-records that point out any lags or slow-downs ... provide a fair and square basis for wage payments ... and in many cases also help to hold quality of fabric up to specifications.

Veeder-Root engineers can always be counted on to develop the new "things that count"...like the new resetting figure wheel, now standard on all 2-3 Pick, Hank, Yardage and Knitting Counters. This new wheel is designed to eliminate over-throwing. And it is one of the many exclusive Veeder-Root features which add up to give you the utmost return per dollar of counter-investment. That's why ... on any counting problem ... it always pays to call the nearest Veeder-Root office.

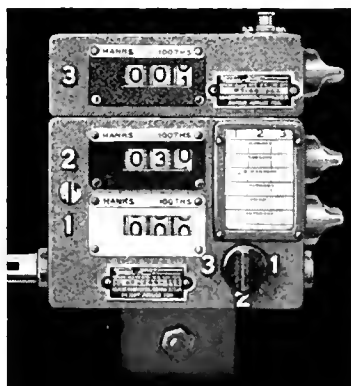

The Counting House of Industry

Veeder-Root Inc., Hartford 2, Conn., Greenville, S. C.

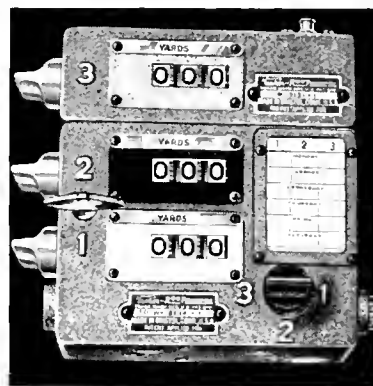

OFFICES IN: Boston, Chicago, Cincinnati, Cleveland, Detroit, Los Angeles, New York, Philadelphia, Pittsburgh, St. Louis, San Francisco, Montreal, Buenos Aires, Mexico City. In England: Veeder-Root Ltd. (new address on request.) In Canada: Veeder-Root of Canada, Ltd., Montreal

3-Shift Pick Counter of the 2-3 type. Equipped with the new "No-Throw" wheels.

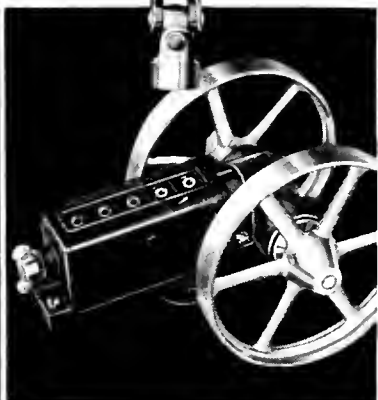

3-Shift Hank Counter of the 2-3 type. Equipped with the new "No-Throw" wheels. Right-Angle Drive optional.

3-Shift Yardage Counter of the 2-3 type. Equipped with the new "No-Throw" wheels. Registers in yards, tens of yards, or hundreds of yards.

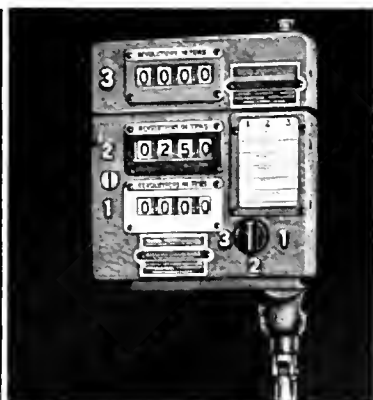

Worm-Driven Measuring Counter, with forked coupling. Registers feet, yards or other units when driven directly from end of roll.

Double-Wheel Lineal Measuring Counter, mounted on hinged arm with friction wheels running directly upon the material.

Loom Cut Meter automatically measures yardage and stops loam, without cut marks, when predetermined length has been woven.

3-Shift Knitting Machine Counter of the 2-3 type. For circular knitting machines. Counts revolutions in tens. Vertical or horizontal drive.

**AN OPEN SECRET
ABOUT S & W KNITTING
MACHINES**

**AN OPEN SECRET ABOUT S & W
KNITTING MACHINES**

There is no secret about Scott & Williams' leadership for seventy-nine years as a manufacturer of circular knitting machines.

However, the reason for this leadership may not be so generally known—a program of continuous research to improve present machines and develop new ones.

A recent and gratifying result of this policy is the S & W machine for knitting no-seam Nylon Hosiery.

Other improvements and advances in design are pending and will be announced when machine production is resumed.

Congratulations

All through your school years,
I've watched with good cheers,
The progress of your education,
I've provided good light,
For your studies at night,
From the start until your graduation.

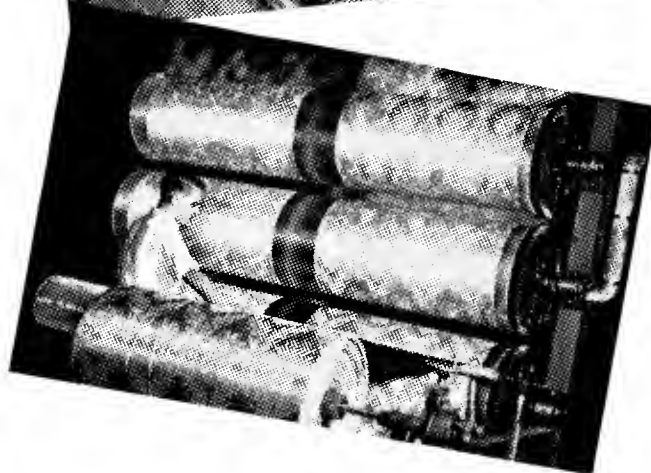

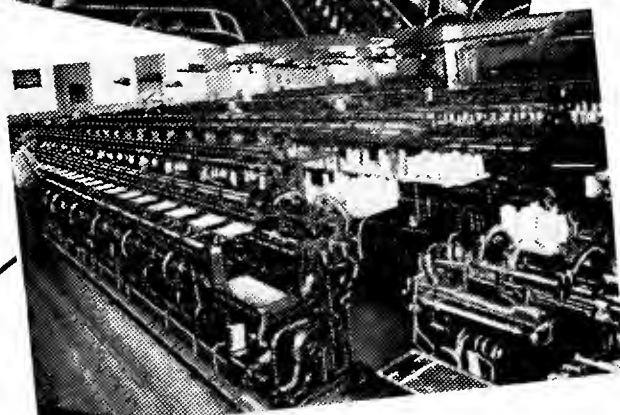

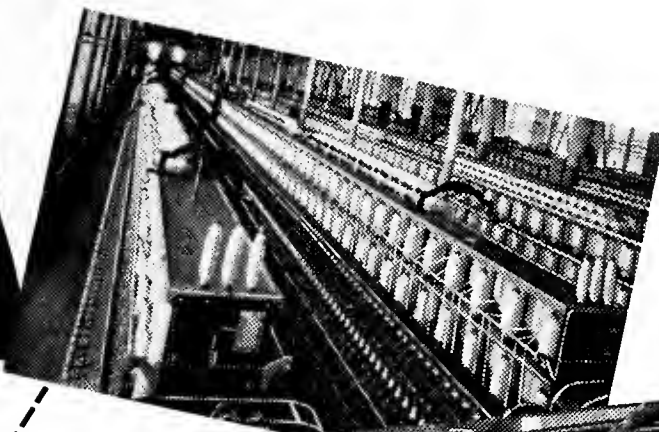

As for food and good health,
There, also, I've helped,
With appliances and safe 'frigeration,
Your books and your clothes,
What else, goodness knows,
I've made with my 'lectrification.

As you leave your school days,
There'll be hundreds of ways,
I'll carry on in your chosen profession,
So, for us, it's not goodbye,
'Cause in the future I'll try,
To continue my cooperation.

Burlington looks ahead

"WHERE DO WE go from Victory?"

That's what Burlington Mills men and women are asking themselves . . . and their Company. They know the war hasn't been won by a long shot . . . but they know, too, that if a high level of employment is to be maintained in the postwar period, plans must be laid now.

Here is their answer . . . your answer. And it's backed up by all the foresight and sureness of planning at Burlington Mills command—the same kind of preparedness that helped a single plant in a single community grow to 44 separate plants in 31 separate communities in 20 years' time.

Our place in the postwar world will be more important than ever. When peace comes we will be in a position to shift over to all-out civilian production immediately.

We're trying to make sure of that today! Our research laboratories, technicians and supervisory staffs are constantly on the job . . . developing important peacetime uses for the new fabrics, processes and textile machines that have been perfected under the pressure of war.

America's postwar demands for finer quality fabrics . . . for superior clothing and home furnishings . . . will find its answer right in these mills. More important, an ever-increasing demand will result in increased production . . . will mean bigger and better jobs for those now serving their country on the battle fronts as well as for those who are now serving on this production front. The future of these men and women is that of Burlington Mills itself. For they *are* Burlington Mills. They, too, can look ahead . . . can face the future with confidence and security.

Our War Production

and

Post War Planning

WAR PRODUCTION--During the period of this war Cramerton Mills, Inc. has produced large amounts of fabrics from cotton fabric like the 8.2 Army Twill and 9 oz. Sateen to the sheerest nylon parachute cloth, and fine combed seersucker for Waves, Spars and Red Cross. Only the machinery and raw materials not required for military needs have been used to produce fabrics for civilians-- Four Stars have been added to the Cramerton E Flag-- additional and well earned awards for excellence to the men and women of Cramerton Mills.

POST WAR PRODUCTION--The same outstanding flexibility of the Cramerton Mills which made possible our phenomenal conversion to war materials will permit an equally rapid reconversion to peace time products-- Consumer demands will be met promptly with the same high quality and can't-be-copied character which has always set Cramerton apart.
